  - a. Paper should be in the following format:
    - (i) Title of paper (ii) Name, Address, E-mail, Phone number(s) of the author(s)
  - b. Abstract
  - c. Body of the paper, then references
2. Participants should submit on arrival, 10 copies of their papers to be presented.
3. Tables, diagrams and sketches where applicable should be neat.
4. Current APA references styles should be used.
5. Papers found publishable shall be published in our journals.

## SUMMARY

Education guarantees Sustainable Development for Societies, Nation states, and by extension, achieving Sustainable Development Goals (SDGs). The Sustainable Development Goals aim to transform our planet through quality education for all, poverty reduction, reduced inequalities, economic growth, etc. As we live in a fast-changing 21st-century world, achieving the SDGs through emerging technologies become very imperative and compelling. Emerging technologies including Artificial Intelligence, Robotics, Computing, Machine Learning, etc., remains the way to go presently. This makes the theme of our conference very apt at this period in time.

- Chief Host  
**Professor Aloysius Michaels Okolie**  
Vice-Chancellor, ESUT.
- Host  
**Professor Constance Eberechukwu Idoko**  
Dean, Faculty of Education.
- Co-Host  
**Prof. Ngozika Mbajorgu**  
Director, Institute of Education

- LOC Chairman,  
**Professor Mary Ngozi Nnamani**  
07037920707
- LOC Secretary,  
**Dr. Leo Chukwu**  
08063279331

**Virtual Presentation  
is Available**

**Accommodation enquiries call 0806 327 9331, 0803 739 3737**
